## BURNED AT A STAKE.

The Horrible Death of a Negro in Mississippi.

## MADE A CONESSION.

Wife of a Prominent Citizen Was Beaten into Unconsciousness and Assaulted—Woman Identifies Her Brutal Assailant.

Gulf Port, Miss., Nov. 5.—A negro, whose name has not yet been ascertained, was burned at the stake in Perry county, Mississippi, Saturday night. The crime for which the negro was burned was committed early on that day.

Mrs. Fortenberry was the victim. She is the wife of a prominent country gentleman. She was attacked, beaten into unconsciousness and criminally assaulted by the negro. After recovering consciousness, while yet almost too weak to move, she began crying for help.

Within a short time assistance reached her. She told the story of the crime. The negro was described. A posse was organized and a search begun for the criminal. A negro answering the description given by Mrs. Fortenberry was caught. He was carried back to the home and identified by her. She stated positively that he was the brute who had committed the crime. The nerve of the negro then gave way, and he made a confession of his crime, telling all the details he had previously denied.

An informal court was organized by the members of the posse. The trial resulted in a decision to burn the negro. He was carried from the house to the exact scene of his crime and there burned at the stake.

## Injured in a Runaway.

St. Louis, Nov. 5.—Rev. Joseph Matzotas, pastor of the Polish Catholic church, was very badly injured in a runaway. His right leg was broken in two places and he suffered many other injuries. Mr. Matzotas had been out to Caseyville where a number of his parishioners reside and was returning home when the accident occurred. He was driving leisurely along the street when suddenly his horse became frightened. Fr. Matzotas was thrown from the side of the buggy. His foot caught in the step and he was dragged for some distance before the horse could be stopped. He was taken into a farm house and afterwards sent to his residence on Baugh avenue.

## Bible and Public Schools.

Austin, Nov. 5.—The question of whether a person who is not a literal believer in the Bible shall be employed in the public schools of Austin is to be tried by the city board of school trustees. Prof. J. F. Pearce, principal of the high school, is charged by the Austin ministers' association with having criticized the Bible in classroom lectures, and a committee from the association has laid the matter before the board of school trustees. The latter has instituted an investigation of the charges and an explanation has been requested of Prof. Pearce.

## Largest Plate Glass.

Kokomo, Ind., Nov. 5.—The largest plate glass in the world has been cast at the Kokomo plant of the Pittsburgh Plate Glass company. The plate measures 157x217 inches and weighed, in the rough, 2500 pounds. It is 18 feet 1 inch long by 13 feet 1 inch wide. The monster plate was successfully ground and polished. Several plates have been cast as large as this one, but none of them withstood the finishing process, breaking to pieces from their own excessive weight. The plate just turned out weighs 1200 pounds, finished, more than half of the thickness being ground away.

## Killed While Hunting.

Marlin, Tex., Nov. 5.—Van Capers, about 18 years of age, was accidentally shot and killed. The deceased and Lon Cole, a boy the same age, of this city, left on a hunt, going afoot. Reaching a point near the falls of the Brazos river, they discovered a boat in the river and got into it. Lon Cole, the only witness, states that they were attempting to shoot a duck when Van's gun was accidentally discharged, the contents entering his breast and producing immediate death.

## Greenville Loses Its Park.

Greenville, Tex., Nov. 5.—A judgment for plaintiff has been rendered in a case of O. D. Moulton vs. the city of Greenville. The suit was brought for possession of the city park, which plaintiff formerly owned and deeded to the city with the understanding that the park was to be kept in good order and improvements made, it being alleged that the city failed to carry out the contract.

## Rev. Edsall Installed.

St. Paul, Minn., Nov. 5.—Rev. Samuel C. Edsall, for past 3 years missionary bishop of North Dakota, was formally installed as the head of Protestant Episcopal Bishopric of Minnesota at Christ church in this city.

## ANTI-ENGLISH FEELING.

Germany Does Not Like England and Wants America's Friendship.

New York, Nov. 5.—According to the London correspondent of the Tribune, Englishmen have been noticing with surprise the bitter resentment excited in Germany by Mr. Chamberlain's casual reference to the Franco-German war. It is a straw showing the direction of the wind in Germany, where, in spite of the emperor's cordial relations with the reigning house, England is regarded as an industrial enemy, and is not liked. This revelation of anti-English feeling in Germany strengthens the desire of public men and the press in London for a settlement of all outstanding questions between England and America. An expression commonly heard is that good feeling with America will be worth more than the closest alliance with Germany.

The objections raised by Canada to a settlement of the canal controversy are attracting attention, but the hope is entertained that Premier Laurier's influence will be exercised, and that there will be no opposition from Ottawa to embarrass the foreign office in opening a way for the adjustment of the entire series of certain questions.

## AFTER PERSIA.

Germany Wants to Bring That Country in the Eastern Muddle.

New York, Nov. 5.—The Berlin correspondent of the London Times and the New York Times, after reviewing and commenting upon Great Britain's policy toward Germany, favors a direct agreement between Great Britain and Russia in regard to certain international matters. He asserts Germany is about to make Persia a European question.

The correspondent quotes a recently published lecture by Count Richard von Bismarck, who says that, while Great Britain believes that her recent treatment of Emperor William has made him her friend, British criticisms of the kaiser's message to Mr. Kruger were an insult to the whole German nation, and a day of reckoning is coming. The same authority declares Germany has been tricked a hundred times by Great Britain, but that now she will not allow herself to be hampered in any way by Great Britain throughout the globe.

## Dreamed of Her Demise.

Laporte, Ind., Nov. 5.—Lela May Shippe, daughter of Silas Shippe, died here in strange fulfillment of her prophecy of her own demise. Several days ago, while on bended knees, Miss Shippe beheld a beautiful vision in which the realities of the future in which she was vividly revealed. The vision brought almost boundless joy to the young woman, and she predicted that within two days she would fall that asleep in death. At the time of the vision Miss Shippe was suffering from illness. She at once rapidly grew worse, and until she passed into unconsciousness she could not be shaken in her belief that she had been called from this life in the vision which came to her.

## LillooKANANI Coming.

San Francisco, Nov. 5.—Former Queen LillooKANANI has announced her intention of leaving Hawaii for a visit to old friends in Washington, New York and other eastern cities. She may accompany Delegate Wilcox, and the Princess Theresa, his wife, when they go to Washington during the next session of Congress. The former queen has announced that the visit has no political significance, nor will she make an effort to influence President Roosevelt in her favor, having failed with President McKinley. She now appears quite satisfied with her position, or, at least, sees no way to better it. She will leave for the coast early in November.

## Brick Out of White Sand.

Jackson, Miss., Nov. 5.—S. P. Barton, who settled in Jackson two or three years ago, has just returned from Terre Haute, Ind., with a sample of brick made from white sand taken from Pearl river. He took a bag of the sand to Terre Haute to see if brick could be made therefrom, and the managers of the factory declare it very superior. It seems that a great many fine residences have been built in that vicinity of brick made from sand, and they are very handsome. Mr. Barton is confident that he will be able to establish a factory here in the very near future.

## Bonded Warehouse Company.

City of Mexico, Nov. 5.—A new company, known as the Mexico and Vera Cruz General Deposit and Warehouse company, has been duly incorporated here with a capital of \$2,000,000, and \$1,000,000 paid up. The company has acquired a large warehouse here and will proceed to erect a new edifice in Vera Cruz. The company will do a bonded warehouse business. The plan has met with some local opposition in Vera Cruz, where the commission merchants see in it a formidable rival.

## THE CENTRAL TEXAS FAIR

COLLEGE DAY A GRAND SUCCESS—THOUSANDS PRESENT

### NUMEROUS INTERESTING FEATURES

Parade—Exhibits—Races—Ballon Ascension—Football Game—Address by Speaker Prince.

Crisp air, sunshine and cloudless skies marked the opening of the first annual Central Texas fair yesterday. Other conditions were equally favorable and the fair has already been written down as a success by the thousands of visitors in attendance not only from Central Texas, but from more remote parts of the state. Visitors began pouring into the city by rail and private conveyance on Monday, and yesterday the crowds were augmented by excursion rates and special trains on both railroads. The day's program opened with a magnificent street parade, under the direction of Gen. H. B. Stoddard, grand marshal, and Capt. Avery, chief of staff. The first division under command of Cadet Captain Foy included locomobile, city marshals and police,

grand marshal and staff, A. and M. college band, distinguished guests in carriages, A. and M. corps of cadets. The second division under command of Col. J. C. Webb, comprised the fair band, Allen Academy students mounted, decorated carriages and buggies, riders on horseback, trades display vehicles. The procession formed near the court house, moved three blocks north, thence to Main street, south to the city hall and out to the fair grounds. The parade was in all respects a success and highly creditable to the grand marshal and his aides and those taking part in it. The decorated vehicles, floral engine, and the students of the A. and M. and Allen academy were received with applause along the line. The I. & G. N. special trains ran between the city and grounds and every available vehicle was pressed into service to handle the crowds. The fair officials announced that 7000 persons were in attendance yesterday afternoon. The exhibition hall was thronged all day long and the exhibits were of a high order, at once interesting and instructive. At the appointed hour for the formal opening of the fair President J. H. Connell arose in the grand stand and announced that Gov. Sayers had promised to be here and deliver the opening address unless detained by official business. He had wired that he was so detained and could not be present. Prof. Connell stated, however, that Central Texas could always find a man, however, and after briefly remarking upon the efforts put forth in behalf of the fair and its objects and purposes, he introduced to the assemblage Hon. R. E. Prince of Corsicana. Mr. Prince delivered an eloquent and patriotic address, following the fortunes of Texas from her earliest settlement through her glorious history down to the present time, and eulogizing the administration of Gov. Sayers. He recounted the unlimited resources of Texas and the south, dwelling at length upon the pre-eminent importance of her agricultural interests, and outlining her political, economic and industrial needs. With an appropriate

tribute to the fair as chiefly an exponent of agriculture the speaker closed.

Following the address Aeronaut Baldwin made a highly successful balloon ascension of about 8000 feet. He threw out trained rabbits and cats in small parachutes and exploded 4 pound dynamite bombs in midair, finally making his grand parachute leap and landing safely within the grounds.

Congressman Lanham speaks today.

Bryan's two national banks have more than half a million dollars individual deposits subject to check.

This season to Nov. 1 Bryan's cotton receipts aggregate 20,277 square bales and 2100 round bales.

Bryan appreciates the interest shown by the people of surrounding towns in the Central Texas Fair.

The city will today be in the hands of the Farmers and ex-Confederates and Bryan bids them welcome.

The attention of visitors is invited to the fact that there are no vacant houses in Bryan, business or residence.

The officers and directors of the fair have worked like Trojans and deserve the success they have achieved.

Bryan's freight receipts for the past twelve months aggregate 65,871,433. Shipments for the same period 34,398,813 pounds.

The Eagle's special edition is meeting with a flattering reception. Copies may be had at the office or at the Eagle booth at the fair grounds.

The ladies' committees have contributed largely to the interest and success of the fair in the various departments assigned to their care.

Bryan has an active Business League which wants new enterprises—anything good for the town or country. The secretary, Mr. F. Marion Law, solicits correspondence.

Taylor & Cox keep G. H. Mumm's Extra Dry Champagne and Scuppernong wine; also James E. Pepper & Co's Sour Mash Whiskey. No better distilled.

### Given Twenty-Five Years.

San Angelo, Tex., Nov. 5.—At Sonora, Sutton county, Pedro Ortiz was found guilty of murdering Jesus Ruiz at Gillespie's ranch, in that county, last July, and was given twenty-five years in the penitentiary.

### BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. d1f

Franklin Bros. have an abundance of cold storage meats on hand for fair week. You will be waited on promptly at either of their big markets and get just what you want. 89

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

### THE RACES YESTERDAY.

Names of Winners—Something About the Racing and Other Attractions.

First race, 2:30 class, pace or trot, one-half mile heats, best two in three. Entries—Grey Fox, from Franklin, Texas; Lady Burford, Robert Howell's horse, Bryan; Petitioner, J. W. Dyer's horse, Bryan; Prince, Leak's horse of Navasota. Grey Fox winner; time, 1:10; Lady Burford, second, time 1:19; Petitioner, third; Prince, fourth.

Second race, running, three-eighths mile dash. Entries—Tom Moore, Calvert horse.

Third race, pacing. Entries—Lula Dyer, Bryan horse; One-Eyed Jack, Navasota horse; Little Jim, Bryan horse. Winner, first heat, Lula Dyer; winner second heat, One-Eyed Jack. Third heat will be run today, and race decided.

Fourth race, one-quarter mile dash. Entries, Maud Conlee, Madison county; Chief Farrow, Franklin; Trix, Benchley, Brazos county; White Man, Brazos county. Winner, Maud Conlee; Chief Farrow, second; Trix third.

THE RACES AND OTHER ATTRACTIONS TODAY.

The racing program for today is a very interesting one. Palestine vs. Bryan and Navasota, trotting and running races are the features of the program.

Some Navasota horses on parade late last afternoon, in white harness made a pretty show. Notable Patout's seal brown, Hapsburg, and C. C. Camp's black horse.

Everybody should be on hand this morning to see the horse and cattle show at 9 o'clock.

Prof. Baldwin's great baloon ascension will be at noon, and since the wonderful performance on yesterday it may be written down as one of the most marvelous spectacles ever witnessed.

The concert tonight by the Curtiss Comedy Co., at 8:30 o'clock, in front of the grand stand, cannot fail to please.

You cannot afford to miss the attractions today at the fair. The exhibits are fuller, the races will be more interesting, and the crowds will doubtless be even larger.

The art and textile departments would be a credit to any fair in the state. There are over 800 entries in the textile department alone. Chappell Hill Female college exhibits are numerous and some of them very fine. The same may be said of A. & M. college exhibits in several departments. Waco has several entries, some of them in the art department being notably interesting.

There are poultry and stock exhibits that will prove educational and interesting.

Bryan merchants are conspicuous for the absence of their exhibits at the fair. The lower floor of exhibition hall is a surprise to every visitor, and a painful surprise to the friends and promoters of the enterprise. There are a few highly creditable exceptions to this rule in business displays.

The Central Texas Fair Association especially appreciate the efforts in behalf of the fair of J. W. Leake of Navasota. Mr. Leake's interest has resulted in a fine attendance from Navasota and Grimes county already. Mr. Leake will remain throughout the fair.

### THE FOOTBALL GAME.

A. and M. Wins from Baylor—Score 6 to 0.

The A. and M. College and Baylor University played their second game of the season at the fair grounds yesterday.

The first game was at Dallas last month, and resulted in a Baylor victory. Yesterday the A. & M. team turned the tables and played a winning game, the score being 6 to 0 in favor of College.

It was an interesting game, and warmly contested, the first half resulting in no points made. In the second half the A. & M. carried the ball over the Baylor lines and kicked a goal, making a score of 6 to 0.

The victors were loudly cheered by their many friends and classmates present, but the defeated team were voted honors for a gallant struggle.

A three room cottage in the northwest part of town, occupied by Grant Oneal, colored, was burned, last night.

## A PLOT TO MASSACRE

**Tarlac Insurgents Plan to Kill More American Soldiers.**  
**WOMAN TELLS OF IT**  
The Leaders Were Arrested and Some Very Incriminating Papers Found.  
Filipinos Complain of the Blockade of the Island.  
Manila, Nov. 5.—A plot to massacre the American garrison at Moncada, province of Tarlac, island of Luzon, was revealed by the wife of one of the conspirators. Several town officials are implicated in the murderous scheme.

The woman who revealed the plot hid the detective beneath the house in which the leaders of the conspiracy were meeting. The arrests followed and many incriminating papers were seized. The plan was to set fire to a house close to the barracks, after dark, and when the soldiers came out to assist in extinguishing the flames, 150 conspirators armed with bolos were to rush on the guard, capture their arms and proceed to massacre the garrison.  
Commissioner Wright took the oath of office as vice governor. He will be acting governor during the convalescence of Gov. Taft, who will probably be unable to resume his duties for some weeks to come.  
The United States Philippine commission has passed treason laws with slight alterations. Several Filipinos spoke against them.  
Advices from Tacloban, capital of the island of Leyte, report that the president of various towns in the island waited upon Brigadier General Smith and complained to him that the people were unable to procure food because of the blockade maintained along the Strait of San Juanico. General Smith replied the strictest kind of a blockade will be continued until the people of Leyte brought in their guns and gave the authorities full information concerning the insurgents who infest the country. All arguments of the officials of the towns were unavailing. General Smith has ordered the deportation of the wife of General Dukban, leader of the Samar revolutionists.  
Four native police officers were killed and their horses captured Monday at Laybay, island of Leyte.  
Lieutenant Julien E. Cautot, with a detachment of scouts, encountered a body of insurgents southeast of Catabogan, Samar island, and in the fight which followed twenty-five rebels were killed. One hundred and seventy houses were burned.  
**Mr. Hanna Speaking**  
Washington, Nov. 5.—Mr. Hanna continued his argument when Schley court of inquiry convened at 11 o'clock this morning. He began where he had left off Monday and after briefly referring to retrograde movement, discussion of which he had entered upon Monday he took up the question of coal supply of flying squadron and from that entered upon discussion of blockade of Santiago and reconnaissance of May 31, when the Spanish ship Colon was bombarded as she lay in the harbor of Santiago. As on Monday Mr. Hanna spoke in calm and dispassionate terms and generally contented himself with outlining his conception of purpose of testimony.  
Mr. Parker will follow Mr. Hanna.

**Miss Stone Seen.**  
New York, Nov. 5.—A dispatch to The World from Samakov, Bulgaria, says: Miss Ellen M. Stone and Mrs. Tsilka have been seen within the last two days by emissaries sent by American Diplomatic Agent Dickinson, from Sofia to treat with the brigands who abducted the missionaries, about a ransom for the American woman. The captives are safe and well. It is expected that their release will be arranged soon.

**Tortured by Burglars.**  
Massillon, Ohio, Nov. 5.—Halser Race, his wife and two sons, living near this city, were tortured by burglars until they gave up over \$1000. In certificates of deposit and \$40 in money. The burglars set fire to their victims' hair and threatened to roast them alive. One of Race's sons may not recover. The burglars escaped in a rig stolen from Race.

**Grave Apprehensions.**  
Chicago, Nov. 5.—Grave apprehensions are felt for the safety of James M. Sheldon, captain of the Chicago University football team, who was injured in the game with Northwestern last Saturday. It is believed his skull was fractured, and that his condition is much worse than physicians admit.

**Sixteen Buildings Burned.**  
Memphis, Nov. 5.—A report from Boonville, Miss., is to the effect that the fire which destroyed sixteen houses there caught from a defective flue in the Methodist church. The total loss is estimated at \$60,000, on which there was \$20,000 insurance.

**Texas Cloth for China.**  
Bonham, Tex., Nov. 5.—The Bonham cotton mills made a shipment of one car of cloth to Shanghai, China, Monday. The mills are filling several large orders, and the entire output from now until February has been sold.

## ANTI-INJUNCTION LEAGUE.

**An Organization to Fight the Injunctions of Judges.**  
Chicago, Nov. 5.—Labor's scheme for an organization to fight the injunctions of judges and courts against strikers has been realized by the founding of the Chicago anti-injunction league, at a special meeting of the officials of the Chicago Federation of Labor.  
Provision for starting a vast sinking fund to wage legal battle in court against the imprisonment of any strikers and pickets under the injunction progress is a notable feature of the new body.

Alleged abuses which are to be fought with special vigor and persistence are the practices by which the attorneys of industrial combinations are declared to have "railroaded" strikers and strike sympathizers to jail by the best legal talent obtainable will be made for the liberty of each striker or picket as often as any are cited before a judge for alleged violation or "contempt" of an injunctive order.  
Frequent use of the writ of habeas corpus is threatened, and in case that the alleged arbitrariness of the judges is not voluntarily restricted or compelled by agitation, the anti-injunction league will not hesitate to ask for the impeachment of members of the judiciary on charges of oppression of the citizens and malfeasance in office.

**MRS. WASHINGTON DEAD.**  
Her Father Was the First American Governor of St. Louis District.  
Macon, Ga., Nov. 5.—Mrs. Mary Washington died here in the 86th year of her age. She was born in St. Louis May 12, 1816, and was the daughter of Col. Samuel Hammond, a soldier of the revolution, who, in 1804, immediately after the French cession of the Louisiana purchase, was appointed governor of the subdistrict of St. Louis by President Jefferson. After the war he settled in Savannah and was elected to congress from Georgia. This was prior to 1804. He lived in Missouri twenty years, and his record there is part of the territorial history of the state. He moved to South Carolina in 1824 and became secretary of state.  
Mrs. Washington retained her faculties to the last, and her recollections of her father were distinct. She was socially distinguished in Georgia, being honorary state regent of the Daughters of the Revolution and regent of the local chapter. Her death was due solely to the weight of years.

**Further Details of the Fight.**  
London, Nov. 5.—Kitchener, in a report to the war office, under date of Nov. 4, giving further details of the recent engagement near Brakenlaagte, eastern Transvaal, between Colonel Benson's column and the Boers, says: "The Boers were unable to remove the guns they captured until the British ambulance went out, when under cover of the ambulance the burghers carried them off. The Boer losses were undoubtedly heavy, but no correct estimate of them is obtainable. Colonel Upperman was killed and Chris Botha wounded. The Boers are reported to have behaved badly to the British wounded."  
Kitchener further reports Cape Colony, to the eastward of the Western railway, cleared of Boers, with the exception of Fouchenyburg Wessel's commando of 400 men, with which General French is dealing.

**A Long Ocean Race.**  
New York, Nov. 5.—A 3600 mile ocean race has just been started from Providence to the Cape Verde islands between the schooner Unique, formerly a Grand Banks fisherman, and the brigantine D. A. Small, says a Providence, R. I., special to the World. Each carried 35 passengers and a cargo of general merchandise. Both are fast sailers, and as they belong to rival packet lines and considerable cash has been wagered on the result, a great race is expected. The Unique has made the trip out in 23 days and the Small has covered the distance in a few hours under that time.

**Burglars Steal Diamonds.**  
Cincinnati, Nov. 5.—Burglars broke the big show window of Duhme Jewellery company's store early this morning and stole about \$20,000 worth of diamonds. In the flight they left a trail of diamonds indicating the direction they took. The diamonds stolen were loose in a tray, and the burglars are supposed to have taken advantage of the noise of a passing wagon or car to break the glass and seize the tray and run, as they overlooked much valuable goods in the same window.

**New Klondike Strike.**  
Vancouver, B. C., Nov. 5.—News of a new Klondike strike was brought here by the steamer Amur. The new find is on Conglomerate creek, a tributary of Montana creek. The prices for claims jumped from \$100 to \$5000 in a few days. The Amur had a very rough trip coming south and had several narrow escapes from being run down by icebergs. News by the Amur tells of the highest tides of the year at Skagway. Water from Lynn canal flooded the lower part of the town and caused considerable damage in cellars and warehouses.

**Spain Returns Thanks.**  
City of Mexico, Nov. 5.—During the session of the Pan-American congress Monday a note was read from the Spanish minister, Marquis de Prat, conveying the thanks of the chamber of deputies of Madrid for the friendly sentiments of the conference towards Spain, as wired by Gen. Reyes, delegate of Colombia, expressed at the municipal banquet. General Reyes made a speech further explaining and justifying his toast.

## BURNED AT A STAKE.

The Horrible Death of a Negro in Mississippi.

## MADE A CONESSION.

Wife of a Prominent Citizen Was Beaten Into Unconsciousness and Assaulted—Woman Identifies Her Brutal Assailant.

Gulf Port, Miss., Nov. 5.—A negro, whose name has not yet been ascertained, was burned at the stake in Perry county, Mississippi, Saturday night. The crime for which the negro was burned was committed early on that day.

Mrs. Fortenberry was the victim. She is the wife of a prominent country gentleman. She was attacked, beaten into unconsciousness and criminally assaulted by the negro. After recovering consciousness, while yet almost too weak to move, she began crying for help.

Within a short time assistance reached her. She told the story of the crime. The negro was described. A posse was organized and a search begun for the criminal. A negro answering the description given by Mrs. Fortenberry was caught. He was carried back to the home and identified by her. She stated positively that he was the brute who had committed the crime. The nerve of the negro then gave way, and he made a confession of his crime, telling all the details he had previously denied.

An informal court was organized by the members of the posse. The trial resulted in a decision to burn the negro. He was carried from the house to the exact scene of his crime and there burned at the stake.

### Injured in a Runaway.

St. Louis, Nov. 5.—Rev. Joseph Matzotas, pastor of the Polish Catholic church, was very badly injured in a runaway. His right leg was broken in two places and he suffered many other injuries. Mr. Matzotas had been out to Caseyville where a number of his parishioners reside and was returning home when the accident occurred. He was driving leisurely along the street when suddenly his horse became frightened. Fr. Matzotas was thrown from the side of the buggy. His foot caught in the step and he was dragged for some distance before the horse could be stopped. He was taken into a farm house and afterwards sent to his residence on Baugh avenue.

### Bible and Public Schools.

Austin, Nov. 5.—The question of whether a person who is not a literal believer in the Bible shall be employed in the public schools of Austin is to be tried by the city board of school trustees. Prof. J. F. Pearce, principal of the high school, is charged by the Austin ministers' association with having criticized the Bible in classroom lectures, and a committee from the association has laid the matter before the board of school trustees. The latter has instituted an investigation of the charges and an explanation has been requested of Prof. Pearce.

### Largest Plate Glass.

Kokomo, Ind., Nov. 5.—The largest plate glass in the world has been cast at the Kokomo plant of the Pittsburgh Plate Glass company. The plate measures 157x217 inches and weighed, in the rough, 2500 pounds. It is 18 feet 1 inch long by 13 feet 1 inch wide. The monster plate was successfully ground and polished. Several plates have been cast as large as this one, but none of them withstood the finishing process, breaking to pieces from their own excessive weight. The plate just turned out weighs 1200 pounds, finished, more than half of the thickness being ground away.

### Killed While Hunting.

Marlin, Tex., Nov. 5.—Van Capers, about 18 years of age, was accidentally shot and killed. The deceased and Lon Cole, a boy the same age, of this city, left on a hunt, going afoot. Reaching a point near the falls of the Brazos river, they discovered a boat in the river and got into it. Lon Cole, the only witness, states that they were attempting to shoot a duck when Van's gun was accidentally discharged, the contents entering his breast and producing immediate death.

### Greenville Loses its Park.

Greenville, Tex., Nov. 5.—A judgment for plaintiff has been rendered in a case of O. D. Moulton vs. the city of Greenville. The suit was brought for possession of the city park, which plaintiff formerly owned and decided that the park was to be kept in good order and improvements made, it being alleged that the city failed to carry out the contract.

### Rev. Edsall Installed.

St. Paul, Minn., Nov. 5.—Rev. Samuel E. Edsall, for past 3 years missionary bishop of North Dakota, was formally installed as the head of Protestant Episcopal Bishopric of Minnesota at Christ church in this city.

### ANTI-ENGLISH FEELING.

Germany Does Not Like England and Wants America's Friendship.

New York, Nov. 5.—According to the London correspondent of the Tribune. Englishmen have been noticing with surprise the bitter resentment excited in Germany by Mr. Chamberlain's casual reference to the Franco-German war. It is a straw showing the direction of the wind in Germany, where, in spite of the emperor's cordial relations with the reigning house, England is regarded as an industrial enemy, and is not liked. This revelation of anti-English feeling in Germany strengthens the desire of public men and the press in London for a settlement of all outstanding questions between England and America. An expression commonly heard is that good feeling with America will be worth more than the closest alliance with Germany.

The objections raised by Canada to a settlement of the canal controversy are attracting attention, but the hope is entertained that Premier Laurier's influence will be exercised, and that there will be no opposition from Ottawa to embarrass the foreign office in opening a way for the adjustment of the entire series of certain questions.

### AFTER PERSIA.

Germany Wants to Bring That Country in the Eastern Muddle.

New York, Nov. 5.—The Berlin correspondent of the London Times and the New York Times, after reviewing and commenting upon Great Britain's policy toward Germany, favors a direct agreement between Great Britain and Russia in regard to certain international matters. He asserts Germany is about to make Persia a European question.

The correspondent quotes a recently published lecture by Count Richard Schickel, who says that, while Great Britain believes that her recent treatment of Emperor William has made him her friend, British criticisms of the kaiser's message to Mr. Kruger were an insult to the whole German nation, and a day of reckoning is coming. The same authority declares Germany has been tricked a hundred times by Great Britain, but that now she will not allow herself to be hampered in any way by Great Britain throughout the globe.

### Dreamed or Her Demise.

Laporte, Ind., Nov. 5.—Lela May Shippe, daughter of Silas Shippe, died here in strange fulfillment of her prophecy of her own demise. Several days ago, while on bended knees, Miss Shippe beheld a beautiful vision in which the realities of the future life were vividly revealed. The vision brought almost boundless joy to the young woman, and she predicted that within two days she would fall asleep in death. At the time of the vision Miss Shippe was suffering from illness. She at once rapidly grew worse, and until she passed into unconsciousness she could not be shaken in her belief that she had been called from this life in the vision which came to her.

### Lillooukalan! Coming.

San Francisco, Nov. 5.—Former Queen Lillooukalan! has announced her intention of leaving Hawaii for a visit to old friends in Washington, New York and other eastern cities. She may accompany Delegate Wilcox and the Princess Theresa, his wife, when they go to Washington during the next session of Congress. The former queen has announced that the visit has no political significance, nor will she make an effort to influence President Roosevelt in her favor, having failed with President McKinley. She now appears quite satisfied with her position, or, at least, sees no way to better it. She will leave for the coast early in November.

### Brick Out of White Sand.

Jackson, Miss., Nov. 5.—S. P. Barton, who settled in Jackson two or three years ago, has just returned from Terre Haute, Ind., with a sample of brick made from white sand taken from Pearl river. He took a bag of the sand to Terre Haute to see if brick could be made therefrom, and the managers of the factory declare it very superior. It seems that a great many fine residences have been built in that vicinity of brick made from sand, and they are very handsome. Mr. Barton is confident that he will be able to establish a factory here in the very near future.

### Bonded Warehouse Company.

City of Mexico, Nov. 5.—A new company, known as the Mexico and Vera Cruz General Deposit and Warehouse company, has been duly incorporated here with a capital of \$2,000,000, and \$1,000,000 paid up. The company has acquired a large warehouse here and will proceed to erect a new edifice in Vera Cruz. The company will do a bonded warehouse business. The plan has met with some local opposition in Vera Cruz, where the commission merchants see in it a formidable rival.

## THE CENTRAL TEXAS FAIR

COLLEGE DAY A GRAND SUCCESS—THOUSANDS PRESENT

### NUMEROUS INTERESTING FEATURES

Parade—Exhibits—Races—Ballon Ascension—Football Game—Address by Speaker Prince.

Crisp air, sunshine and cloudless skies marked the opening of the first annual Central Texas fair yesterday. Other conditions were equally favorable and the fair has already been written down as a success by the thousands of visitors in attendance not only from Central Texas, but from more remote parts of the state. Visitors began pouring into the city by rail and private conveyance on Monday, and yesterday the crowds were augmented by excursion rates and special trains on both railroads. The day's program opened with a magnificent street parade, under the direction of Gen. H. B. Stoddard, grand marshal, and Capt. Avery, chief of staff. The first division under command of Cadet Captain Foy included locomobile, city marshals and police,

grand marshal and staff, A. and M. college band, distinguished guests in carriages, A. and M. corps of cadets. The second division under command of Col. J. C. Webb, comprised the fair band, Allen Academy students mounted, decorated carriages and buggies, riders on horseback, trades display vehicles. The procession formed near the court house, moved three blocks north, thence to Main street, south to the city hall and out to the fair grounds. The parade was in all respects a success and highly creditable to the grand marshal and his aides and those taking part in it. The decorated vehicles, floral engine, and the students of the A. and M. and Allen academy were received with applause along the line. The I. & G. N. special trains ran between the city and grounds and every available vehicle was pressed into service to handle the crowds. The fair officials announced that 7000 persons were in attendance yesterday afternoon. The exhibition hall was thronged all day long and the exhibits were of a high order, at once interesting and instructive. At the appointed hour for the formal opening of the fair President J. H. Connell arose in the grand stand and announced that Gov. Sayers had promised to be here and deliver the opening address unless detained by official business. He had wired that he was so detained and could not be present. Prof. Connell stated, however, that Central Texas could always find a man, however, and after briefly remarking upon the efforts put forth in behalf of the fair and its objects and purposes, he introduced to the assemblage Hon. R. E. Prince of Corsicana. Mr. Prince delivered an eloquent and patriotic address, following the fortunes of Texas from her earliest settlement through her glorious history down to the present time, and eulogizing the administration of Gov. Sayers. He recounted the unlimited resources of Texas and the south, dwelling at length upon the pre-eminent importance of her agricultural interests, and outlining her political, economic and industrial needs. With an appropriate

tribute to the fair as chiefly an exponent of agriculture the speaker closed.

Following the address Aeronaut Baldwin made a highly successful balloon ascension of about 8000 feet. He threw out trained rabbits and cats in small parachutes and exploded 4 pound dynamite bombs in midair, finally making his grand parachute leap and landing safely within the grounds.

Congressman Lanham speaks today.

Bryan's two national banks have more than half a million dollars individual deposits subject to check.

This season to Nov. 1 Bryan's cotton receipts aggregate 20,277 square bales and 2100 round bales.

Bryan appreciates the interest shown by the people of surrounding towns in the Central Texas Fair.

The city will today be in the hands of the Farmers and ex-Confederates and Bryan bids them welcome.

The attention of visitors is invited to the fact that there are no vacant houses in Bryan, business or residence.

The officers and directors of the fair have worked like Trojans and deserve the success they have achieved.

Bryan's freight receipts for the past twelve months aggregate 65,871,433. Shipments for the same period 34,398,813 pounds.

The Eagle's special edition is meeting with a flattering reception. Copies may be had at the office or at the Eagle booth at the fair grounds.

The ladies' committees have contributed largely to the interest and success of the fair in the various departments assigned to their care.

Bryan has an active Business League which wants new enterprises—anything good for the town or country. The secretary, Mr. F. Marion Law, solicits correspondence.

Taylor & Cox keep G. H. Mumm's Extra Dry Champagne and Seppernong wine; also James E. Pepper & Co's Sour Mash Whiskey. No better distilled. 289

### BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance of prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtf

Franklin Bros. have an abundance of cold storage meats on hand for fair week. You will be waited on promptly at either of their big markets and get just what you want. 89

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

### THE RACES YESTERDAY.

Names of Winners—Something About the Racing and Other Attractions.

First race, 2:30 class, pace or trot, one-half mile heats, best two in three. Entries—Grey Fox, from Franklin, Texas; Lady Burford, Robert Howell's horse, Bryan; Petitioner, J. W. Dyer's horse, Bryan; Prince, Leak's horse of Navasota. Grey Fox winner; time, 1:10; Lady Burford, second, time 1:19; Petitioner, third; Prince, fourth.

Second race, running, three-eighths mile dash. Entries—Tom Moore, Calvert horse.

Beatrice, Franklin horse; Shoe String, Brazos county horse; Georgia Foster. Winner. Tom Moore; Beatrice, second; Shoe String, third.

Third race, pacing. Entries—Lula Dyer, Bryan horse; One-Eyed Jack, Navasota horse; Little Jim, Bryan horse. Winner, first heat, Lula Dyer; winner second heat, One-Eyed Jack. Third heat will be run today, and race decided.

Fourth race, one-quarter mile dash. Entries, Maud Conlee, Madison county; Chief Farrow, Franklin; Trix, Benchesley, Brazos county; White Man, Brazos county. Winner, Maud Conlee; Chief Farrow, second; Trix third.

THE RACES AND OTHER ATTRACTIONS TODAY.

The racing program for today is a very interesting one. Palestine vs. Bryan and Navasota, trotting and running races are the features of the program.

Some Navasota horses on parade late last afternoon, in white harness made a pretty show. Notable Patout's seal brown, Hapsburg, and C. C. Camp's black horse.

Everybody should be on hand this morning to see the horse and cattle show at 9 o'clock.

Prof. Baldwin's great balloon ascension will be at noon, and since the wonderful performance on yesterday it may be written down as one of the most marvelous spectacles ever witnessed.

The concert tonight by the Curtiss Comedy Co., at 8:30 o'clock, in front of the grand stand, cannot fail to please.

You cannot afford to miss the attractions today at the fair. The exhibits are fuller, the races will be more interesting, and the crowds will doubtless be even larger.

The art and textile departments would be a credit to any fair in the state. There are over 800 entries in the textile department alone. Chappell Hill Female college exhibits are numerous and some of them very fine. The same may be said of A. & M. college exhibits in several departments. Waco has several entries, some of them in the art department being notably interesting.

There are poultry and stock exhibits that will prove educational and interesting.

Bryan merchants are conspicuous for the absence of their exhibits at the fair. The lower floor of exhibition hall is a surprise to every visitor, and a painful surprise to the friends and promoters of the enterprise. There are a few highly creditable exceptions to this rule in business displays.

The Central Texas Fair Association especially appreciate the efforts in behalf of the fair of J. W. Leake of Navasota. Mr. Leake's interest has resulted in a fine attendance from Navasota and Grimes county already. Mr. Leake will remain throughout the fair.

### THE FOOTBALL GAME.

A. and M. Wins from Baylor—Score 6 to 0.

The A. and M. College and Baylor University played their second game of the season at the fair grounds yesterday.

The first game was at Dallas last month, and resulted in a Baylor victory. Yesterday the A. & M. team turned the tables and played a winning game, the score being 6 to 0 in favor of College.

It was an interesting game, and warmly contested, the first half resulting in no points made. In the second half the A. & M. carried the ball over the Baylor lines and kicked a goal, making a score of 6 to 0.

The victors were loudly cheered by their many friends and classmates present, but the defeated team were voted honors for a gallant struggle.

A three room cottage in the northwest part of town, occupied by Grant Oneal, colored, was burned, last night.

## A PLOT TO MASSACRE

Tariac Insurgents Plan to Kill More  
American Soldiers.

## WOMAN TELLS OF IT

The Leaders Were Arrested and Some  
Very Incriminating Papers Found.  
Filipinos Complain of the  
Blockade of the Island.

Manila, Nov. 5.—A plot to massacre the American garrison at Moncada, province of Tariac, island of Luzon, was revealed by the wife of one of the conspirators. Several town officials are implicated in the murderous scheme.

The woman who revealed the plot hid the detective beneath the house in which the leaders of the conspiracy were meeting. The arrests followed and many incriminating papers were seized. The plan was to set fire to a house close to the barracks, after dark, and when the soldiers came out to assist in extinguishing the flames, 150 conspirators armed with bolos were to rush on the guard, capture their arms and proceed to massacre the garrison.

Commissioner Wright took the oath of office as vice governor. He will be acting governor during the convalescence of Gov. Taft, who will probably be unable to resume his duties for some weeks to come.

The United States Philippine commission has passed treason laws with slight alterations. Several Filipinos spoke against them.

Advices from Tacloban, capital of the island of Leyte, report that the presidents of various towns in the island waited upon Brigadier General Smith and complained to him that the people were unable to procure food because of the blockade maintained along the Strait of San Juanico. General Smith replied the strictest kind of a blockade will be continued until the people of Leyte brought in their guns and gave the authorities full information concerning the insurgents who infest the country. All arguments of the officials of the towns were unavailing. General Smith has ordered the deportation of the wife of General Dikban, leader of the Samar revolutionists.

Four native police officers were killed and their horses captured Monday at Laybay, island of Leyte. Lieutenant Julien E. Caujot, with a detachment of scouts, encountered a body of insurgents southeast of Catabogan, Samar Island, and in the fight which followed twenty-five rebels were killed. One hundred and seventy houses were burned.

### Mr. Hanna Speaking

Washington, Nov. 5.—Mr. Hanna continued his argument when Schley court of inquiry convened at 11 o'clock this morning. He began where he had left off Monday and after briefly referring to retrograde movement, discussion of which he had entered upon Monday he took up the question of coal supply of flying squadron and from that entered upon discussion of blockade of Santiago and reconnaissance of May 31, when the Spanish ship Colon was bombarded as she lay in the harbor of Santiago. As on Monday Mr. Hanna spoke in calm and dispassionate terms and generally contented himself with outlining his conception of purpose of testimony.

Mr. Parker will follow Mr. Hanna.

### Miss Stone Seen

New York, Nov. 5.—A dispatch to The World from Samakov, Bulgaria, says: Miss Ellen M. Stone and Mrs. Tsilka have been seen within the last two days by emissaries sent by American Diplomatic Agent Dickinson, from Sofia to treat with the brigands who abducted the missionaries, about a ransom for the American woman. The captives are safe and well. It is expected that their release will be arranged soon.

### Tortured by Burglars

Massillon, Ohio, Nov. 5.—Halser Race, his wife and two sons, living near this city, were tortured by burglars until they gave up over \$1000 in certificates of deposit and \$40 in money. The burglars set fire to their victims' hair and threatened to roast them alive. One of Race's sons may not recover. The burglars escaped in a rig stolen from Race.

### Grave Apprehensions

Chicago, Nov. 5.—Grave apprehensions are felt for the safety of James M. Sheldon, captain of the Chicago University football team, who was injured in the game with Northwestern last Saturday. It is believed his skull was fractured, and that his condition is much worse than physicians admit.

### Sixteen Buildings Burned

Memphis, Nov. 5.—A report from Boonville, Miss., is to the effect that the fire which destroyed sixteen houses there caught from a defective flue in the Methodist church. The total loss is estimated at \$60,000, on which there was \$20,000 insurance.

### Texas Cloth for China

Bonham, Tex., Nov. 5.—The Bonham cotton mills made a shipment of one car of cloth to Shanghai, China, Monday. The mills are filling several large orders, and the entire output from now until February has been sold.

## ANTI-INJUNCTION LEAGUE.

An Organization to Fight the Injunctions of Judges.

Chicago, Nov. 5.—Labor's scheme for an organization to fight the injunctions of judges and courts against strikers has been realized by the founding of the Chicago anti-injunction league, at a special meeting of the officials of the Chicago Federation of Labor.

Provision for starting a vast sinking fund to wage legal battle in court against the imprisonment of any strikers and pickets under the injunction progress is a notable feature of the new body.

Alleged abuses which are to be fought with special vigor and persistence are the practices by which the attorneys of industrial combinations are declared to have "railroaded"

strikers and strike sympathizers to jail by injunction proceedings. Legal

aid by the best legal talent obtainable will be made for the liberty of each striker or picket as often as any are cited before a judge for alleged violation or "contempt" of an injunctive order.

Frequent use of the writ of habeas corpus is threatened, and in case that the alleged arbitrariness of the judges is not voluntarily restricted or compelled by agitation, the anti-injunction league will not hesitate to ask for the impeachment of members of the judiciary on charges of oppression of the citizens and malfeasance in office.

## MRS. WASHINGTON DEAD.

Her Father Was the First American Governor of St. Louis District.

Macon, Ga., Nov. 5.—Mrs. Mary Washington died here in the 86th year of her age. She was born in St. Louis May 12, 1816, and was the daughter of Col. Samuel Hammond, a soldier of the revolution, who, in 1804, immediately after the French cession of the Louisiana purchase, was appointed governor of the subdistrict of St. Louis by President Jefferson. After the war he settled in Savannah and was elected to congress from Georgia. This was prior to 1804. He lived in Missouri twenty years, and his record there is part of the territorial history of the state. He moved to South Carolina in 1824 and became secretary of state.

Mrs. Washington retained her faculties to the last, and her recollections of her father were distinct. She was socially distinguished in Georgia, being honorary state regent of the Daughters of the Revolution and regent of the local chapter. Her death was due solely to the weight of years.

### Further Details of the Fight.

London, Nov. 5.—Kitchener, in a report to the war office, under date of Nov. 4, giving further details of the recent engagement near Brakenlaagte, eastern Transvaal, between Colonel Benson's column and the Boers, says: "The Boers were unable to remove the guns they captured until the British ambulance went out, when under cover of the ambulance the burghers carried them off. The Boer losses were undoubtedly heavy, but no correct estimate of them is obtainable. Colonel Upperman was killed and Chris Botha wounded. The Boers are reported to have behaved badly to the British wounded."

Kitchener further reports Cape Colony, to the eastward of the Western railway, cleared of Boers, with the exception of Pouchemburg Wessel's commando of 400 men, with which General French is dealing.

### A Long Ocean Race

New York, Nov. 5.—A 3600 mile ocean race has just been started from Providence to the Cape Verde Islands between the schooner Unique, formerly a Grand Banks fisherman, and the brigantine D. A. Small, says a Providence, R. I., special to the World. Each carried 35 passengers and a cargo of general merchandise. Both are fast sailers, and as they belong to rival packet lines and considerable cash has been wagered on the result, a great race is expected. The Unique has made the trip out in 23 days and the Small has covered the distance in a few hours under that time.

### Burglars Steal Diamonds

Cincinnati, Nov. 5.—Burglars broke the big show window of Duhrme jewelry company's store early this morning and stole about \$20,000 worth of diamonds. In the flight they left a trail of diamonds indicating the direction they took. The diamonds stolen were loose in a tray, and the burglars are supposed to have taken advantage of the noise of a passing wagon or car to break the glass and seize the tray and run, as they overlooked much valuable goods in the same window.

### New Klondike Strike

Vancouver, B. C., Nov. 5.—News of a new Klondike strike was brought here by the steamer Amur. The new find is on Conglomerate creek, a tributary of Montana creek. The prices for claims jumped from \$100 to \$5000 in a few days. The Amur had a very rough trip coming south and had several narrow escapes from being run down by icebergs. News by the Amur tells of the highest tides of the year at Skagway. Water from Lynn canal flooded the lower part of the town and caused considerable damage in cellars and warehouses.

### Spain Returns Thanks

City of Mexico, Nov. 5.—During the session of the Pan-American congress Monday a note was read from the Spanish minister, Marquis de Prat, conveying the thanks of the chamber of deputies of Madrid for the friendly sentiments of the conference towards Spain, as wired by Gen. Reyes, delegate of Colombia, expressed at the municipal banquet. General Reyes made a speech further explaining and justifying his toast.
